MY STORY

I am seeking a position as an UX / UI Designer where I can apply my skills into real life projects. With experience in Web Development provides me with an ability to create websites that are not only good looking but also easy to develop.

EXPERIENCE

Web Developer at VSBL 2020/02 - PRESENT

- Worked with designers to provide the best user experience.
- Analyzed Web Designs and adjusted for development stage.
- Planned, developed, tested, deployed, and maintained websites.
- Collaborated in a team for problem solving.
- Worked closely with the client - communicated problems and tried to find solutions.

Graphic Designer - Freelance 2018/06 - 2019/06

- Responsible for visual design in game development.
- Created graphic elements, icons, logos using Adobe Illustrator.

EDUCATION

Treehouse 2019/04
